

## **A Bill to Suspend Drone Strikes**

1     BE IT ENACTED BY THE CONGRESS HERE ASSEMBLED THAT:

2     **ARTICLE 1.**         The U.S. will end all drone strikes until further research is done by  
3                             the Department of Defense (DOD) and the Department of  
4                             Homeland Security (DHS) into the technology and methods.

5     **ARTICLE 2.**         “Drone strikes” will be defined as any use of Unmanned Aerial  
6                             Vehicles (UAV) in conflict. Their use will be suspended until the  
7                             current research being done by the DOD and DHS is conclusive on  
8                             their defects, failures, and malfunctions and finds ways to rectify  
9                             these problems.

10    **ARTICLE 3.**         The DOD will be responsible for suspending all current drones in  
11                             conflict, and the DOD and DHS will continue current research.  
12                             They will submit quarterly reports to the Armed Services  
13                             Committee and the Joint Chiefs of Staff.

14    **SECTION 4.**         This law will take effect within six months of passage.

15    **SECTION 5.**         All laws in conflict with this legislation are hereby declared null  
16                             and void.

Respectfully Submitted,
